GRADUATION REQUIREMENTS LINCOLN COUNTY SCHOOL DISTRICT NO. 2

Graduation from Lincoln County School District #2 high schools will be in accordance with the provisions of WY Statutes 21-3-204 and 21-9-101. Students will be required to earn the required credits as outlined below or by the successful performance on competency-based equivalency assessments to be eligible for receipt of a diploma from any LCSD #2 high school.

To earn a diploma from Lincoln County School District Number Two, a student must earn credits in the following curricular areas as required by the State of Wyoming. A student's final score for a course must be at least 60% if credits are to be awarded.

- Four school years of high school English
- Three school years of high school mathematics
- Three school years of high school science
- Three school years of high school social studies, including history, American government and economic systems and institutions; and
- Satisfactorily passing an examination on the principles of the Constitution of the United States and the State of Wyoming.

Students may also be required to earn additional credits from elective courses as evidenced by passing grades. The number of elective credits that must be earned varies by attendance center.
