Don't Miss Osmond's Teacher & Staff **CALLING ALL STUDENTS!**

APPRECIATION WEEK
MAY 5-9

MONDAY * MAY 5TH
Give a fist bump and thanks to any teachers and staff you see.

TUESDAY * MAY 6TH
Be helpful and kind to your classmates and teacher.

WEDNESDAY * MAY 7TH
Dress like a teacher day.

THURSDAY * MAY 8TH
Be extra respectful by listening and staying involved.

FRIDAY * MAY 9TH
Write a note with a favorite memory or something you've learned and give it to your teacher.

THANK YOU!

Count your Bank Bucks!

The last day to do banking at Osmond Elementary will be **Tuesday, May 20th**. Each student who has participated in this year's banking program will need to have made 40 deposits and have **turned in their 40 bank bucks to the bank by Friday, May 23rd**. Please remember, you may need to visit the bank in person to get all 40 deposits.

Library Notes . . .

May 9th * Last day to get your honors
May 14th * Last Honors Assembly
May 15th * Last AR Deadline
May 19th * **ALL LIBRARY BOOKS ARE DUE**
May 27th – 29th * AR movie celebration week

* Be watching for a summer reading calendar & information in your new teacher letter at the end of the school year.
* There will be a book drop in front of the school for any school library books that may be found throughout the summer.

GOFASA Adventure Club

Sign-ups for GOFASA Adventure Club will be placed in the cubby across from the office the beginning of May. Students that are interested should take a packet home and share with parents. If students are committed to attending **all three trips**, the packet should be completed and returned to the office or Mr. Whitney. Unfortunately, due to the high demand and only 30 available spots, not all students will be able to participate. Students that do make it in will be notified before the end of the school year and will then receive further information.

Trip Dates

Salt River
Mon. July 7th – Tues. July 8th

Water Canyon
Thur. July 10th – Fri. July 11th

Bailey Lake
Mon. July 14th – Wed. July 16th

DIGITAL CITIZENSHIP - MAY

"CYBERBULLIES"

How do we handle "cyberbullies?"

-What to do if you're being bullied:

1. Don't reply - they want a reaction.
2. Record the bullying - take a screenshot and then tell an adult.
3. Talk about it - remember you're not alone.
4. Block the bully - don't let them contact you anymore.
5. Report any bullying - true cyberbullying is a crime.

TREAT OTHERS WITH KINDNESS

THE SUNSHINE IS HERE! BUT WITH IT ARE TINY CRITTERS ABOUT THE SIZE OF A POPPYSEED THAT CAN CAUSE BIG TROUBLE. THE WYOMING DEPT OF HEALTH HAS SOME HELPFUL TIPS!

TICKS: PREVENT - CHECK - REMOVE

The best way to protect yourself and your family from ticks is to PREVENT them from being on your body by:

- Tucking long pants into socks
- Having long sleeves
- Staying to the center of paths when walking or hiking
- To kill ticks on dry clothing, tumble dry on high heat for 10 minutes after being in tick areas. If clothes require washing, use hot water.
- Apply insect repellents registered with the Environmental Protection Agency, such as those containing 20 percent or more DEET and/or picaridin.
- Treat outdoor clothing and gear with products containing 0.5 percent permethrin.

After you come indoors CHECK your body, your child, your pets and clothing for ticks. REMOVE any tick you find, immediately. Use clean, fine tipped tweezers to grasp the tick as close to the skin's surface as possible. Pull upward with steady, even pressure. For more information, visit health.wyo.gov.

Important Information Coming to Parents/Students via Mail

At the conclusion of the school year a letter will be mailed with the name of your student's new teacher and other vital information.

One critical piece of information included in this letter will be **Osmond's dress code**. Please use the visual as a guide when purchasing school clothes for the upcoming school year. If you would like to read the entire dress code policy, it can be found on our website at osmond.lcsd2.org under the family & students tab. If you have any questions feel free to reach out to the school.

Prior to us sending out letters, we would ask that you make sure and register your student for the 2025 – 2026 school year by visiting lcsd2.org

Coach Jenkins is looking for parent volunteers to help supervise activity stations at our field day on Friday, May 30th.

If you are available that morning from 7:45 am – 10:30 am and interested in helping, please call the office at 307-885-9457.

10 FAACTs about Food Allergies

- 1 Food allergies affect as many as 32 million Americans, including 6 million children. Studies report that 1 in 13 children and up to 1 in 10 adults in the United States have a food allergy. For children, this averages to two children per classroom.
- 2 A food allergy is an immune system response to a food that the body mistakenly believes is harmful.
- 3 Eight foods account for 90% of all food allergy reactions: Peanuts, Tree nuts, Milk, Egg, Wheat, Soy, Fish, & Shellfish. However, almost any food can cause a reaction.
- 4 There is no cure for food allergies and strict avoidance is the only way to prevent an allergic reaction. Trace amounts of an allergen can trigger an allergic reaction in some individuals. Past reactions to a food allergy do not predict future reactions! Someone can still have a life-threatening reaction to a food they are allergic to, even if they have never had a serious reaction before.
- 5 Symptoms can develop rapidly after exposure to an allergen, often within minutes and usually within 30 minutes. However, it can take up to 2 hours for symptoms to occur after exposure to a food allergen.
- 6 Anaphylaxis is a serious allergic reaction that comes on quickly and has the potential to become life-threatening. Anaphylaxis requires immediate medical treatment, including an injection of epinephrine and a visit to the emergency room. It is important to be deliberate and not hesitate when you have to use epinephrine.
- 7 The device is potentially life-saving. A call to 9-1-1 and a trip to the emergency room should always follow epinephrine administration.
- 8 Individuals at risk should carry two epinephrine auto-injectable devices with them at all times AND an Allergy and Anaphylaxis Emergency Care Action Plan signed by a board-certified allergist.
- 9 Food allergies continue to rise and are a safety and public health concern across the United States. You can get free resources and find out how to help keep those with food allergies safe at:

www.FoodAllergyAwareness.org
