

FFA CREED

By ~ E.M. Tiffany

I believe in the future of agriculture, with a faith born not of words but of deeds— achievements won by the present and past generations of agriculturists; in the promise of better days through better ways, even as the better things we now enjoy have come to us from the struggles of former years.

I believe that to live and work on a good farm, or to be engaged in other agricultural pursuits, is pleasant as well as challenging; for I know the joys and discomforts of agricultural life and hold an inborn fondness for those associations which, even in hours of discouragement, I cannot deny.

I believe in leadership from ourselves and respect from others. I believe in my own ability to work efficiently and think clearly, with such knowledge and skill as I can secure, and in the ability of progressive agriculturists to serve our own and the public interest in producing and marketing the product of our toil.

I believe in less dependence on begging and more power in bargaining; in the life abundant and enough honest wealth to help make it so—for others as well as myself; in less need for charity and more of it when needed; in being happy myself and playing square with those whose happiness depends upon me.

I believe that American agriculture can and will hold true to the best traditions of our national life and that I can exert an influence in my home and community which will stand solid for my part in that inspiring task.

PRINCIPALS NOTE

Since I have had the chance to work here at SVHS for a second time, I've had the opportunity to witness firsthand the powerful impact that FFA has on our students and school community. It has been fun to watch the leadership, and confidence students gain by being members. Whether they're speaking at events, managing projects, or participating in competitions, our FFA members have a chance to develop real-world skills and abilities that will serve them for many years. I've seen students who have had a hard time finding their niche grow into successful members and leaders through FFA. I appreciate how they represent our school with pride.

FFA brings a unique sense of purpose and community to SVHS. It connects our students to meaningful work in many areas and fosters strong partnerships between our school and the broader community. FFA has been and is a great vehicle for student growth, school spirit, and gaining lifelong confidence. There is some great research on how being involved in a group like FFA has years of benefits in both personal and work life. It truly helps shape well-rounded, capable young people to be successful when they leave SVHS.

Thank you for choosing to be a member of FFA.

Sincerely,
Principal Farren Haderlie
