Where we Think, Learn, Achieve and Care

MR. KLEIN'S CORRAL

As soon as one year ends, preparations begin for the next. I eagerly await that first day of school in August. I am hoping you will start preparations with your child for next year too.

The summer lag is our enemy; however, it is easily defeated with a few habits. Below are suggestions to keep your child "tuned up" for success. Achievement starts now.

- Participate in our summer reading program and with a community library.
- Practicing math facts orally or even doing "count bys" like 3,6,9,12...
- Measuring through baking or building
- Participate in *We Play Unplugged*

Your child's success now will directly impact their career opportunities later, so please don't let their brains drain over the summer. If I can be of any help or support please call (307)885-2472. Attached is information about any of the above programs.

Keyboarding All Stars

Thank you to Ms. Allen for being such a great Technology teacher! Her success is reflected by the growth and competency achieved by Etna students this year.

Flying Fingers!

“Who has the fastest and most accurate typists
- Etna Elementary or Osmond Elementary?”

To find out, the top three typists from each school took a typing test and Etna came out ahead by at least 20 wpm! Congratulations to our competitors who got the following fabulous times with amazing accuracy.

Ashley Jacobs: 85 wpm with 92% accuracy
Anna Haderlie: 81 wpm with 92% accuracy
Casey Beeson: 67 wpm with 96% accuracy

Star Valley Medical Center is sponsoring a great way to motivate kids to get moving and away from their electronics this summer. Each Etna student has received a lanyard to hold all the brag tags earned by participating in fun and healthy activities. To register your kids and see what activities brag tags are available, go to the website weplayunplugged.com.

Kids Helping Kids

Shriners Hospital for Children in Salt Lake City expressed their gratitude to Etna Elementary students for the \$621.03 donation raised during Random Acts of Kindness Week. Thank you to Jace and Kallianne Pierantoni for representing us! Jace wrote the following about the experience:

“I was filling out the paperwork for the donation when the nurses arrived. I could tell that they had no idea what was going on or why they were there. Then I told them about the Candy Grams and that Etna Elementary was donating over \$600. They were definitely impressed. One shook my hand and the other gave a hearty high five. Then they talked to my sister (who is a patient ambassador) and she told them her story. They wanted to get some pictures and then they waved to us as we left. I feel like Etna Elementary did a great, great thing for Shriners Hospital for Kids.”

An excerpt from the letter of appreciation from Shriners Hospital:

“Thank you for your contribution of \$621.03 to Shriners Hospitals for children - Salt Lake City. Your generosity has made you a partner with our world-class medical staff in transforming the lives of children, making it possible for our patients to meet challenges and achieve great things. Your donation helps many patients like Lily.”

“Lily was born with spina bifida. Her family truly appreciates the coordinated care she receives at Shriners Hospital for Children for this complex condition. Her orthopedic doctor is here, as well as the clinicians who fit and customize her back brace and her purple wheelchair. Lily loves to entertain family and friends, singing and dancing in her wheelchair. She is thrilled to be a Patient Ambassador and was excited to appear in a Shriners Hospitals for Children national commercial.”

“Thank you for helping children like Lily achieve increased mobility and independence. She is just one of thousands of children who benefit from care at Shriners Hospital for a wide variety of orthopedic conditions. We are grateful to donors like you who share our vision and believe in the power of children to overcome and succeed. Indeed, your donation is *Love to the Rescue.*”

As family in a small community, you are always trying to find inexpensive ways to keep the kids entertained during the summer. We would like to introduce you to a summer long program that will meet that goal, [Star Valley Play Unplugged](#).

[Star Valley Play Unplugged](#) is a program designed to motivate elementary age kids to get moving and away from their electronics this summer, Memorial Day through Labor Day. With the support of the Star Valley Chamber of Commerce, Star Valley Medical Center has teamed up with forty-four businesses from Alpine to Cokeville to sponsor activities that kids can participate in. Once the kids have completed the activity visit the local business and collect your brag tag. To culminate the program, SVMC will host a party in the park for all the kids that participated in the program. This celebration will include, games, food, awards, prizes and most of all FUN!

Star Valley Medical Center has led individual department community service projects for a number of years all around north Lincoln County. This year, the staff has decided to conduct one organization team community service project, [Star Valley Play Unplugged](#). This project brings the community, local businesses and SVMC together through healthy activities.

To register your kids, and view the available brag tags (activities), visit [weplayunplugged.com](#). There is also a video on the website that will provide more about the program. Please feel free to contact Play Unplugged directly with any questions, or contact any of our [Star Valley Play Unplugged](#) event coordinators at SVMC.

SUMMER READING PROGRAM 2018

Name _____ Grade _____

School _____

This record sheet will last all summer. Please post it in a place where it will not be lost. As you read each day, record the number of minutes you read in the box for that day. At the end of each month, total the minutes and record for the month. When you come back to school next fall return this record sheet to your school principal. All students who participate will receive a participation certificate. Additional incentives may be offered by your school. **HAPPY READING!**
