

Afton Elementary

Registration for the 2017-2018 school year will be open on May 15, 2017. You can find the link to the application and instructions at http://www.lcsd2.org/parents/student_registration. This form will allow you to register ALL your students (regardless of school and grade) from a single application. Students of all grades will need to register even if they have been previously registered.

Teacher assignments will not be made until we have received birth certificate, immunization and registration has been completed.

Computers are available at the school if needed for registration.
