Etna Elementary

August / September 2024

Parents and Families,

We are excited to have your child start another school year with us. It's going to be an amazing year! We will be using a new tool called "**Leader in Me**" that will teach your child exciting concepts from Stephen Covey's *7 Habits of Highly Effective People*. This is an excellent program, written specifically for each grade level, that will give your child essential skills to help them be successful in school and life. Our awesome teachers will be giving short daily lessons on how to implement it properly. I cannot be more happy with what this will do for our students. To help us out, will you please take a short survey (10 minutes) that you can access with the following link. This will give us some data to help us make sure it is an effective program. Please reach out with any questions.
